TECHNICAL DATASHEET

Silicone heating mat 230 V up to 120 °C with thermostat box

Item no. DD-KHLM-08-9294B

The flexible 230 V silicone heating mat sits directly on the workpiece without insulation and transfers heat quickly and evenly – for industrial contact heating and curing up to 120 °C.

Features

- Lightweight, flexible and durable material
- Adjustable thermostat box 0–120 °C
- Protection class IP54
- 1 m power cable (without plug)
- Fastening straps optional

Typical applications

- Curing of composite, carbon and epoxy prepreg
- Marine and wind power

Versions

Dimensions (mm)	Output (230 V)	Weight
1000 x 590	1,700 W	2.8 kg
2000 x 430	2,500 W	3.85 kg
2500 x 430	2,500 W	4.7 kg
